

## London-Based Design Agency, Design Bridge, Signs 5,702-Square-Foot Lease at Kaufman Organization's Madison Square Portfolio Office Building, 45 West 27th Street

NEW YORK, March 6, 2017 /PRNewswire/ -- [The Kaufman Organization](#) (Kaufman), a full-service commercial real estate firm, announced today that London-based design agency, [Design Bridge](#), has signed a 5,702-square-foot, full-floor lease on the seventh floor at 45 West 27<sup>th</sup> Street (45W27), the new office building in Kaufman's [Madison Square Portfolio](#). Design Bridge has a global presence in London, Amsterdam and Singapore and is now marking its 30<sup>th</sup> year anniversary with the expansion of its New York City footprint.

"We are thrilled to welcome Design Bridge, a world-renowned agency, as the first office tenant to 45W27," said Grant Greenspan, principal of Kaufman. "With several leases already out for other floors in the building, we are confident 45W27 will continue to experience leasing success, as tenants are attracted to the high quality space with unique amenities in a central location."

Since launching in 1986, Design Bridge has specialized in brand design, strategy and corporate identity. The award-winning agency counts iconic international brands such as Unilever, Mondelēz, Guinness and Lipton among its client roster. Guinness tapped Design Bridge for one of the agency's most notable projects – reimagining the Guinness harp, a globally recognized brand mark after its 250<sup>th</sup> anniversary.

Relocating from SoHo to accommodate the company's growth, Design Bridge will be moving into its new space at 45W27 in spring 2017. The modern, pre-built space features new bathrooms, hardwood floors, high ceilings and state-of-the-art tech amenities.

Kaufman's Greenspan, Michael Heaner and Elliot Warren represented the landlord, 45 W 27 Leasehold LLC, in the transaction. Asking rent was in the mid-\$60's-per-square-foot-range.

45W27 offers top-line capabilities that meet the technology, broadband and security needs of its tenants. The firm teamed up with Design Republic, a notable architectural design firm, to create a lobby with custom-designed, illuminated, three-dimensional wooden fins and elevators with glassed back walls that reveal custom graffiti art. The building's ideal NoMad location puts Design Bridge's employees in close proximity to numerous subway stations, including the R, W, 4, 5, and 6 lines.

45W27 is the last building in Madison Square Portfolio with a variety of expansion opportunities available for prospective tenants to encompass multiple floors.
